AUSTRALIAN MADE

MID NIGHT MAGIC

Midnight Magic 8 Hour Dark

Midnight Magic is designed for Olive skin and clients wanting a darker, natural looking tan. You can wash Midnight Magic off in as little as four hours or it can be left on for 8 hours to achieve that Mediterranean off the beach look. Midnight Magic will create a natural looking colour that compliments your skin type. On dry areas such as knees and elbows we suggest using Black Magic's Barrier Cream to prevent these areas from developing darker tan spots.

DO NOT OVER APPLY PRODUCT - you should only use approximately 50mg of Midnight Magic per full body spray.

Spraying too much product can cause overdevelopment.
